## Statement OF FACTS :

Plaintiff, who has A Cirtian interest in entertainment And Commodities, is not being provided For by Any MEANS.

In Fact, Plaintiff has Suffered both 'Sensory deprivation' And 'Sexual deprivation', Creating Psychological illness And inflicting undue Trauma.

Sensory deprivation, has been Caused by The institutions incapability To meet The plaintiffs Needs For general entertainment. A Few books, Radio, And one minature T.V. For The whole Collective Unit is insufficient To meet Plaintiffs interest in entertainment.

Sexual deprivation, has been CAUSED by The Failure OF The institution To provide NECESSARY Amenities For Sexual stimulation. Excessive Censorship, And bans restricting pornography or erotic material, And Failure OF The institution To provide For That, is Sexual deprivation.

For plaintiff To be Subject To Such A poor Standard OF Living, Suffering both 'Sexual' And 'Sensory' deprivation, is not only inhumane living Conditions, but Cruel And Unusual punishment.

The pursuit of happiness, which is Constitutional, also found in The Bill of Rights, declares 'Utility' A Right And Necessity, And Condemns miserable Social, environmental And economic Conditions.

To deprive A person of 'Utility' is Oppressive, And generally A government has A duty To provide For The WANTS And desires of its Citizens.

Even The 'U.D.H.R', The Universal declaration of human Rights, declares That All persons have A right To Utility, And That Every government has A duty To provide This Utility.

County And local Jails, detention Centers, And The michigan department of Corrections, All Fall below An Adequate Standard of 'Utility', And have Created Such harsh And miserable living Conditions, That Such places have become An Oppressive And intolerable burden On prisoners / inmates.

The Current Amenities provided To inmates, That constitute Utilitarian, Are not enough To satisfy All inmates And prisoners.

The Federal government, And Other decently managed establishments, have introduced 'e-mail', And 'internet', And even video game Consuls, in Their institutions For personal Use. Most Federal institutions have Allowed inmates personal property, Such As Laptops, Computers, And playstation, providing Sufficient entertainment And Access To e-mail And internet.

Federal institutions have lifted bans on A large quantity of restricted material, Allowing inmates Free Access. Federal institutions provide A Model Example To well managed And Appropriate institutional economy.

State Facilities, Still Not having Conformed To humane standards, Fail To provide 'individuals', with Sufficient utility, Accordng To Their needs.

### Remedy / Relief Requested :

Plaintiff Asks That Jails / Prisons  
Adopt A higher Standard of  
Utility :

To Allow prisoners To possess  
items :

- 1) Personal Televisions  
{ not just 'Collective' Unit T.V }
- 2) Video game Systems / Personal  
{ Federal institutions upheld That  
giving inmates P.S.P., Playstation,  
does not Violate Security }
- 3) Portable / handheld video games
- 4) Personal Radios
- 5) Erotic / pornographic material  
{ For Sexual Stimulation }

Inmates who Are indigent Should be  
Allowed To be loaned or donated  
Utility items , by The institution .
